Pellagra.

The new disease pellagra is attracting considerable attention in this state just now, there being several cases in the mountain counties and in the asylum. Pellagra has been definitely recognized by medical men only during the last ten or twelve years. Pellagra is a skin disease that is peculiar to the south. It is thought to be caused by eating corn that has been attacked by a fungus growth known as smut. It is a skin disease somewhat resembling leprosy, and is incurable. Medicine is of little or no avail against it, the only treatment effective being complete rest, good food and plenty of fresh air. Exposure to sunlight, however, greatly aggravates the malady. John D. Rockefeller has given large sums to aid in the fight against the mysterious disorder, over a million dollars being advanced by him for a study of the two diseases that are now attracting so much attention in the South, the hookworm and pellagra.

Death of "Son" Swope.

Wm. Swope commonly called "Son", aged seventy years died very suddenly yesterday morning near Kiddville. Burial today at Jackson's Chapel with Masonic honors.

Not Much Road Improvement.

We don't see much road improvement going on in Powell county yet. Corn cutting and sorghum making time will soon be here and farmers will then be too busy to help much. Now is the most leisure time with the farmer except in the winter time but the winter time is a poor time to make roads. Right now is the time to begin. Let the overseers warn in their hands for next week and go to work. We hope to see each overseer make some permanent improvement on his road this fall and continue to do so each time he works the road until there are improvements in our roads that count for something.

Drouth Predicted.

Prof. Irl R. Hicks the St. Louis long range weather forecaster predicted the drouth of this year two years ago and then confirmed it last year. He also predicted the floods on the Gulf of Mexico that swept away Galveston ten years ago, and likewise he predicted earthquakes on the Pacific coast in 1906 which destroyed San Francisco. It seems that natural calamities the Rev. Hicks can very easily and accurately forecast. His publication should be read more largely than what they are and his advice universally heeded.

Farmers' Institute.

The Powell County Farmers' Institute will be held in the court house at Stanton, Friday and Saturday, Sept. 22 and 23 under the auspices of the State Department of Agriculture. S. J. Patrick, a professional lecturer will discuss Agriculture in the Public Schools, The Mission of the Farmer, Corn and its Cultivation. W. G. Kane another lecturer will discuss Soil Fertility, Making and Saving Fertility and Soil on Hill Sides, Alfalfa and How to Grow it How to get Stand of Clover and Value, Protection of the Farm. W. C. Cope will lecture on Selecting and Testing Seed Corn and Corn Cultivation, Manure and Fertilizers.

There will be two sessions daily: 10:00 a. m. and 1:30 p. m. Don't fail to attend. Come out once and give your ideas and get some new ones. A delegate to the State Farmers' Institute to be held in Frankfort this winter will be elected at this meeting at 11 a. m. sharp on Friday the 22.

The Health Car.

The Anti-Tuberculosis health car which visited us Saturday was called upon by a large number of our people. The illustrations and explanations were plain and easily comprehended. The Times only wishes that every person in Powell county could have called at the car, and would heed the instructions which are good from a cleanly standpoint, if from not a health standpoint, and as it is from the two points of necessity we trust what did call will heed the warnings of the gentleman in charge who took such great pains in explaining to our people the cause for and cure of consumption.

Predicts the End of the World.

Elder O. Montgomery, Seventh Day Adventist, of Indiana, says the world will come to an end in a few years. He says this will take place before the death of the last person who saw the stars fall in 1833. He says: "There are few people living now who saw that phenomenon, and I know that the end will come before all of them are gone" Elder Montgomery said that science had been unable to solve the falling of the stars in 1833 and that he has scriptural proof that the millenium would occur within the generation following that event.

Father T. S. Major, a prominent Catholic priest, died at Frankfort yesterday. He was with Gen. John Morgan during the Civil War and escaped from prison with the noted cavalry leader.

We Want a Good Ticket.

In the Democratic mass convention Saturday night we hope to see a ticket nominated for city officers that will be a credit to the party. Men should be nominated who have no axes to grind. They should be business men who will look well to the city's best interests and invest its public money where it will do the most good for the city and at the same time be the means of attracting business to the city. The convenience of the citizens of the town should also be a potent factor in spending its public funds.

Republican Convention.

The Republicans of Powell county met in mass convention at Stanton Saturday to instruct delegates to the Legislative convention at Irvine yesterday. A. T. Stuart was made chairman. The vote was between Dr. A. T. Knox and B. J. Mathews of Lombard. The latter winning the instruction by a vote of 178 to 106. We have not heard the result of the convention at Irvine yesterday, but are sure of Mathews' nomination as it is Powell's time to furnish the candidate.

The extraordinary session of the Sixty-second Congress, marked by the passage of the Canadian reciprocity bill, vetoed tariff revision legislation, the Arizona Statehood and other important measures, adjourned sine die Tuesday afternoon.

Ballot Box Keys Missing.

Many officers of elections of this county for years have neglected to return the keys to the locks on the ballot boxes. County Attorney M. A. Phillips is looking up these keys and requests all such officers of the past having keys to bring or send them to the county clerk at once to avoid the purchase of new locks as the county has been having to do for each election in the past.

For Commissioner of Agriculture
J. W. NEWMAN,

For Clerk of the Court of Appeals
ROBERT L. GREENE,
of Bracken county.

We are authorized to announce Z. T. Hall, of Powell county, for Representative from this the 73rd Legislative district, subject to the action of the Republican convention.

Some Republican papers say many Democratic papers are demanding O'Rear to resign from the Court of Appeals in his race for Governor. Well, did you ever hear the beat to that. The only demand or opinion that he should resign, that we have yet seen, appeared in the Republican paper published in Judge O'Rear's home town, while on the other hand many Democratic papers including the Times desires that Judge O'Rear should not resign. We believe the pet cause he represents—temperance—can be done a much greater good by his remaining on the Court of Appeals bench than by being elected. Such statements are only made to make high-sounding arguments to keep the Republican vote in line. We do not believe Judge O'Rear indorses half the stuff some Republican papers are filling their editorial columns with.

As expected President Taft has vetoed the bill admitting Arizona and New Mexico, on the ground that Arizona has a provision in her constitution by which her people would be able to exercise the recall, that is, to remove a judge from his bench by a majority vote. In effect President Taft is saying to Arizona that she shall not come into this Union as a sovereign State, but denies the privilege so far as

he can of regulating her affairs in her own way.

If the whiskey trust elected Bradley to the U. S. Senate four years ago when his party was elected on a temperance plank and stood on it at the time, is it any wonder the whisky men are taking such a hand in trying to put the same party back in power again. The whiskey people are never fooled, they know which side of their bread is buttered.

Taft doesn't believe in the recall of Judges. Neither do we. Let O'Rear stay where he can do the most good and put in McCreary for Governor. The people are going to do that any way. You are invited to help, however.

One newspaper that tried to forecast what the world be like 1,000 years from now made an amusing blunder. It forgot to note that the county unit bill would still be before the Kentucky Legislature and the people

O'Rear says there are seventy thousand men in Kentucky every year that sell their votes. He ought to know his party has been buying them up for the last nearly fifty years.

Politicians like water will seek their level. Our advice to O'Rear is to quit trying to uplift Bradley. We all know something of what he has done and will do.

If there is a single Democrat in Powell county that will not vote for McCreary we have not heard of him and we do not believe he is in the county.

There are a lot of good men in Republican party, still it remains the party of suspicion. It is so often the wolf in sheep's clothing. Beware.

Whatever motorcycle company invented putting pretty girls on the rear seats of the machines, had a long head for business.

Guard the Family Health

Health is often endangered by unsanitary cooking utensils. Physicians have found that cancer is caused by enamel ware chipping off and irritating the stomach.

If you have children or invalids in the family beware of cheap cooking utensils that crack, scale, peel off, tarnish and rust. Disease germs lurk in the worn places and there is further danger of tainting the food. Health is too precious to take risks with it.

Be safe. Use

"1892" Pure Spun Aluminum Cooking Utensils

which are guaranteed for 15 years constant service and will never spoil food nor endanger health.

This new ware is featherweight, beautiful, easy to clean—does not tarnish nor rust. The slight extra cost is more than made up by long service and absolute safety.

Look For Trade mark on Every Piece

The Maltese cross with the words Pure Illinois "1892" Aluminum—the original, insures that you get the genuine. There are imitations, so be sure this trade mark is on every piece.

Taft Signs Bill.

President Taft Friday signed the publicity bill. The bill requires publicity of all campaign funds before election and extends publicity features to primary campaigns and nominating conventions. It limits the amounts candidates may spend to \$5,000 for House aspirants and \$10,000 for Senatorial candidates.

They are also required to make public all pledges of political appointments.

LOCAL BREVITIES.

THURSDAY, — Aug. 24, 1911.

Tandy Burris and family of Gibson, Ill., are visiting relatives in the county.

J. H. Burgher has malarial fever, but is improving. He has been very sick.

Mrs. Lou Groves who was stricken with paralysis last week continues very low.

Many springs in this county which were never before known to cease to flow are now dry.

Dr. Martin reports the birth of a son to Mr. and Mrs. G. B. Leach Saturday August 19th.

The drouth is so severe in some parts of the Bluegrass section that drinking water is being sold.

The cool nights the first of the week led some to predict frost on Sunday night which was the coolest.

Broken lines of Ladies' and Misses' shoes at \$1 and 75c a pair. Just right for school and every day wear. Mrs. J. W. Williams.

A protracted meeting is going on with the Christian Church. Elder Deward Matherly is conducting the services.

Louisville is to have a sky scraper that is a sky scraper. The new building it is said will be twenty-five stories high.

Misses Louise and Gale Reed, of Cynthiana, are visiting their cousins, the Misses Shimmessell, having accompanied them home last week.

Norvel Lyle, who has been at Phoenix, Ariz., for some time has returned. He joined his father, L. C. Lyle who was on a prospecting tour at Yuvalde, Tex. and returned with him.

The Democrats of Clay City are called to meet Saturday night at the school house in mass convention to nominate a city ticket which includes candidates for Mayor, Police Judge and the six councilmen.

The live stock trade for any thing other than fat stuff is slower than was ever known to the writer. Short grass and slim crops are wholly responsible. The Democratic Congress has nothing to do with it.

School in this city begins next Monday. It was to have begun Monday of this week but the County Teachers' Institute interfered. This entitles the teachers to pay for the week just the same as if they had taught.

Dr. Seay who formerly resided in this county and who was last week arrested and taken to Lexington for having passed a cold check on Conductor F. A. Atchison, was tried last week on a charge on larceny and sent to the asylum.

Accused of Stealing.

E. E. Chamberlain, of Clinton, Mo. boldly accuses Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at Swann-Day Lumber Co.'s store.

Mr. — Thompson, of Springfield, Ohio, is spending a short time with Dr. Alfonso Aratus.

This is a splendid time for farmers to kill weeds, bushes and briars. Many of them cut off now will never sprout again so says many of the older farmers. The dry weather, the dark moon in August and dog days is said to be a combination that is hard to overcome.

A King Who Left Home

set the world to talking, but Paul Mathulka, of Buffalo, N. Y. says he always keeps at home the king of all laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c at Swann-Day Lumber Co.'s store

The Powell County Teachers' Institute is in session at Stanton this week. Prof. R. S. Eubank, editor of the Southern School Journal is the instructor. Supt. Proffitt and the teachers are to be congratulated upon securing the services of so fine an instructor and leading educator of the State.

Partridges were never so abundant in recent years as now. The dry weather it is claimed accounts for the large crop. We are glad to know that at least we are to have a full crop of one thing and that too of something so good to eat and something that when we get hold of any we can't sell, but must give it away or eat it ourselves.

Thirty Years Together.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thom Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its the best cough and cold cure I ever used." Once it finds entrance into a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay fever, croup, quinsy or sore lungs. Price 50c, \$1 Trial bottle free. Guaranteed by Swann-Day Lumber Co.'s store.

Fight Like Tigers.

In fighting to keep the blood pure white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt-rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. They are the best blood purifier," writes C. T. Budahn, of Tracy, Calif., "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at Swann-Day Lumber Co.'s store.

Electric Bitters

Succeed when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified. FOR KIDNEY, LIVER AND STOMACH TROUBLE it is the best medicine ever sold over a druggist's counter.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

CYRUS L. ADLER
The Piano and Organ Maker

FREE Your Organ

30 DAYS TRIAL
NOT ONE RED CENT IN ADVANCE.

From My Factory Direct to you, saves \$35 to \$50. I'll prove this beyond the shadow of a doubt if you will let me ship you one of my Adler Organs on free trial.

I prove every statement I make before you ship it. I don't ship my organ back at my expense.

I'll Trust You

The Nightingale of Organs

MIDDLEMEN WIPED AWAY

I've busted the hot air bubble of the dealers, agents and middlemen of this country by selling direct to the homes at the same price they formerly paid me for my organs.

SEND ME YOUR NAME

whether you want to buy or not and I'll send you free of charge and postpaid the most wonderful organ book and buying plans you ever saw. All the organs men in this country claim they make the best organ but do not give you any proof. I do, and here is the proof. I own my own timber lands, saw mills, dry kilns and factory. I do not have to pay one penny of profit for lumber or milling. The profits that other manufacturers pay to lumber and saw mills, I put into my Adler Organs. (The Nightingale of Organs). That's the reason my organs are better than any other make. Another proof: I guarantee my organs for 50 years, whereas others guarantee theirs for 10 to 25 years. Don't this mean something? My selling plans are the fairest, simplest, safest and easiest ever placed before the American public. In that I grant my customers all the time they want, arrange their payments as it suits their income and circumstances, give them reasonable extensions of time if they can't meet their payments and charge them no interest. Ask some of your neighbors who don't with me about this. That's the best proof you can get. I would just as soon give you \$1,000 in gold if you can duplicate this proposition.

MY ORGAN (THE NIGHTINGALE OF ORGANS)

has a tone nearest to the human voice, a pure singing tone that lasts a life time and it won't the highest price at the St. Louis World's Fair, another proof my organs are the best. Everybody is buying an organ these days and everybody is buying an Adler on account of its high quality, wearing qualities, style and reputation. I am selling them for less than dealers and agents are selling cheaper grade organs and when you stop to think and realize that when you buy from one of these middlemen you must pay his profit, time, salesman's salaries, store rents and other expenses, my offer means a whole lot and stands before you as the king of money savers. My world's greatest organ factory is working day and night, grinding out the organs ordered, and this condition was brought about by the fair and liberal treatment I handed out to my customers, now numbering over 75,000. Whenever I sell an Adler, it sells a dozen more and so on indefinitely. They've stood the test and always will. Quality always wins out.

75,000 ADLER OWNERS SAVED \$2,625,000

Before I sold direct to the homes at wholesale factory prices, as I am doing now exclusively, I used to sell to dealers only, but when I found out that they sold my organs for twice and three times as much as they paid me, making the poor people bleed for it, I was thunderstruck and quit. I sent out thousands of notices telling them they couldn't buy another organ from me, that I meant to sell direct to the homes, saving them the enormous, unreasonable profits and expenses they were charging them. This came to them as a thunderbolt from a clear sky. In round numbers I've saved my customers over 75,000 of them) at least \$2,625,000, all of which would have gone to the dealers had I sold the organs through them. You surely appreciate what this means.

NOW MY PROPOSITION TO YOU

is simply this, I will ship you, on 30 days free trial, any organ you want, on any reasonable terms you may suggest, just as it suits your income and circumstances. If you keep it at the end of the trial period, which I know you will, you can pay all cash or a small sum down and the balance monthly, quarterly, semi-annually or any other reasonable way. If at any time you can't meet a payment when it's due, I'll gladly give you a reasonable extension of time. You shall not inconvenience yourself by buying an Adler, for I'm going to make it the easiest purchase you ever made. I'll charge you no interest as other organ men are doing. If you don't keep my organ because it's not as represented, you can ship it back at my expense and I'll pay you every cent you paid for freight, so you will lose absolutely nothing. Furthermore, if at any time with a year, my organ does not hold up to every claim I made, you can ship it back at my expense and I'll return to you every dollar of the purchase price with 8 per cent. interest and all freight paid. I can agree to do this because I know how my organs are made and positively know they always make good.

50 YEAR GUARANTEE

I guarantee all my organs for 50 years, something no other organ man will do. My guarantee bond is the strongest ever written and if you will ask your banker or any of my local banks or the editor of this paper as to my reliability, you will be told that I am as sound as a rock, that you can safely enter into any transaction with me and that all of my dealings are on the square. Send your name for catalog and buying plans. You will be under no obligation whatever. Stool and instruction book given with every organ.

Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not imitate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.
